

REACH (EC/1907/2006) statement

With this note we want to inform you about our position under the European REACH (Registration, Evaluation, Authorisation and restriction of Chemicals) Regulation EC 1907/2006.

All products we manufacture and supply are “articles” as defined in Article 3 of the REACH Regulation.

Producers and suppliers of articles are according to Article 33 of the REACH Regulation obliged to provide information about SVHC substances included in the REACH SVHC Candidate List if such substance exceeds the limit of 0.1 percent by weight in supplied articles.

Delivered articles should furthermore not contain substances restricted in those articles by REACH Annex XVII.

Our products do, according to our current data and information we have received from our suppliers, not contain substances from the candidate list over 0.1% w/w, and neither substances restricted (in our products) by REACH annex XVII.

The above information is provided in good faith and is based on data considered accurate at the time of preparing this note. No warranty is expressed or implied regarding the completeness or accuracy of this data. As a manufacturer, we depend on the information we receive from our suppliers. We cannot be held liable for damages or costs resulting from the use of or reliance on such information.

In case of any questions, please contact our compliance officer:
