Replaceable  
Recyclable

Protects  
against skin  
contact

# Click-on-armrest

*This armrest is designed to suit closed tubes. It's available in two lengths and fit five tube dimensions. In addition to the armrest having an elegant design, it's easy to attach and to follow Möbelfakta because it's removable, replaceable, recyclable and protects against skin contact with, for example, chrome.*

Sleek design

## DARE TO BE CREATIVE

Our product, originally designed as an armrest, has proven to be a versatile piece, thanks to the creative ideas of our customers. Amongst other things, one suggestion was using it as a footrest on bar stools, adding a touch of comfort and style to their seating experience.

Protects against skin contact

Easy to attach

Recyclable, replaceable, reusable

Easy to remove

Possible to fasten with screws
